Engineered and tested in the US, it is FMVSS compliant with all regulations including 202A, 225, 207 and 210. The Commuter 125 seat highlights our most space-saving features to-date with a thin back cushion for more hip-to-knee room. Safety is our priority, so the Commuter 125 is available standard with 3-point shoulder belts and switchable KISI ALR for securing removable child seats.

The "125" celebrates our 125th anniversary and the year the new Commuter seat was designed and developed.
