

FREEDMAN®

BY LIPPERT

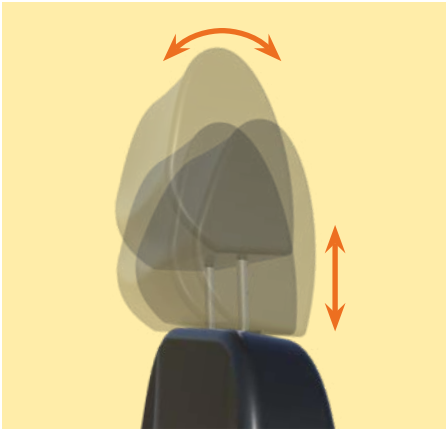

FREEDMAN DRIVER SEAT

The Freedman Driver Seat (FDS) is engineered, tested, and built to meet all applicable FMVSS requirements.

LIPPERT

THE NEW STANDARD IN DRIVER COMFORT

Headrest Adjustment

Because every driver is different, the 4-way adjustable headrest offers personalized comfort

Seat Back Angle

With a simple lift of the side lever, the seat angle adjusts in increments from vertical to 52 degrees backward

Armrest Swivel

Both the left and right seat armrests swivels up to move out of the way when entering or exiting the vehicle

Featuring 2-way adjustable lumbar support, ergonomic styling, and versatile mounting patterns compatible with Ford®, Chevrolet®, and Adnik®, the FDS sets a new standard for driver comfort and value, backed by the industry's most trusted manufacturer.

Our elastomeric fabric suspension incorporated into the bottom seat cushion helps to alleviate driver fatigue on those long journeys

Additional Features
